

# **MICHIGAN MERIT AWARD**

## **2006 Annual Report**

**For State Fiscal Year Ending September 30, 2006**

**Pursuant to MCL 390.1456 Section 6(5)**

## Overview

The Michigan Merit Award was established by Public Act 94 of 1999 (*Michigan Merit Award Scholarship Act*; MCL 390.1451 through 390.1459; as amended by Public Act 537 of 2002, Public Act 586 of 2002, and Public Act 595 of 2004), to recognize academic achievement on the Michigan Educational Assessment Program (MEAP) tests and to help make postsecondary education more affordable. The Michigan Merit Award Scholarship Act also provides a funding source for the Tuition Incentive Program (TIP) and the Michigan Nursing Scholarship (MNS). The Michigan Merit Award program is administered by the Michigan Department of Treasury and receives direction from the Michigan Merit Award Board. The MNS program is administered by the Michigan Department of Treasury's Michigan Higher Education Assistance Authority (MHEAA) and does not receive direction from the Michigan Merit Award Board.

During the period of this report, the Act has been amended as follows:

November 21, 2005 – Public Act 232 of 2005 repealed MCL 390.1453 and 390.1455.

- The establishment of the Michigan merit award trust fund language was moved from PA 94 of 1999 (MCL 390.1453) to PA 232 of 2005 (MCL 12.252 Sec. 9).
- The disbursement of funds language was moved from PA 94 of 1999 (MCL 390.1455) to PA 232 of 2005 (MCL 12.252 Sec. 10).

June 30, 2006 – Public Act 241 of 2006 amended MCL 390.1457 Sec. 7(c)(3).

- Beginning with the Class of 2007, students must use their award money at in-state institutions only.

## Award Amounts

The Michigan Merit Award Scholarship rewards academic achievement and makes postsecondary education more affordable. Unlike many other scholarship programs, it is based solely on academic achievement. Qualifying students in the high school Classes of 2000 through 2004 can receive \$2,500 to be used at any approved postsecondary educational institution (see Exhibit 1). Beginning with the Class of 2005, qualifying students can receive up to \$3,000. The award is available to all public school, public school academy, nonpublic school, and home school students. Funding is provided by a portion of Michigan's share of the revenue from the November 1998 multi-state settlement agreement with tobacco manufacturers.

Academic achievement is currently measured by the Michigan Educational Assessment Program (MEAP) test scores. Students, who achieve a qualifying score on all four high school tests (mathematics, reading, science, and writing) and meet all other eligibility requirements, qualify for the full award amount.

Use	\$2,500 in Michigan; \$1,000 outside (full \$2,500 if student attends a U.S. Military academy). May use \$1,500 balance if student enrolls in a Michigan institution and payments can be made before expiration date.

<b>FOUR of the four 7th and 8th grade MEAP tests</b>	\$500	\$3,000

## Eligibility

### *Qualifying Scores*

Current MEAP tests are based on the Content Standards developed by Michigan educators and approved by the State Board of Education in 1995. The MEAP tests have been recognized nationally as valid measurements of academic achievement. Qualifying score levels are determined by the Michigan Merit Award Board.

To be eligible for a Michigan Merit Award, a student must:

- Take all four MEAP high school tests prior to the end of the student's senior year of high school - Writing, Reading, Mathematics and Science. Social Studies and Listening are not required to earn a Michigan Merit Award.

- Achieve Level I (“Exceeded Michigan Standards”) or Level II (“Met Michigan Standards”) on all four tests.
- Meet all other eligibility requirements.

### *Alternate Ways to Qualify*

If a student takes all four of the MEAP tests, achieves Level I or Level II on at least two of the tests, and meets all other eligibility requirements, there are two alternate ways to qualify for an award:

- **Alternate "A"** - The student also scores at or above the 75th percentile on the ACT or SAT tests. The qualifying ACT and SAT scores may differ year-to-year, based on national norms for each test. Currently, the qualifying score for ACT is a Sum score of 94 or higher (or, a Composite score of 24 or higher); the qualifying score for SAT is 1170 or higher. These scores are not expected to change.
- **Alternate "B"** - The student also achieves qualifying scores on the ACT WorkKeys job skills assessment test. The Michigan Merit Award Board defines WorkKeys qualifying scores (Class of 2002 and after):
  - Reading for Information test (a score of 5)
  - Applied Mathematics test (a score of 5)
  - Locating Information test (a score of 4)
  - Writing test (a score of 3)

If a student wishes to qualify through Alternate "A" or "B", all applicable tests must be taken prior to the end of the student's senior year of high school.

### *Other Eligibility Requirements*

In addition to achieving qualifying scores on the high school MEAP tests (and other authorized tests, as needed), a student must:

- Graduate from a Michigan high school, acquire the GED, or as a Michigan resident graduate from an out-of-state high school.
- Have never been convicted of a felony involving an assault, physical injury or death.
- Enroll at an approved postsecondary educational institution.
- Use award monies for eligible costs.

### *Michigan Merit Exam*

Beginning with the Class of 2007, qualifying results will be based on the Michigan Merit Exam (MME) as defined in PA 451 of 1976 (MCL 380.1279g as revised). The new exam will be

administered beginning in the 2006 calendar year. Projected qualifying results for FY 2007 and FY 2008 have yet to be determined by the Merit Award Board.

### **Fiscal Year 2006 in Review**

#### *Awards*

The number of students from the Class of 2005 receiving payment in Fiscal Year (FY) 2006 was 42,708 for a total of \$58,072,205.

For the Class of 2006, the Michigan Merit Award Scholarship was given to 50,364 students bringing the total to date up to 308,459 scholarships awarded. Of this number, 42,328 Class of 2006 students have returned a completed certification indicating that they have met all eligibility requirements (as of 11/28/06).

Chart 1

*Note: Awardees by graduating class year will not completely correspond to a fiscal year. Due to appeals and reviews of individual test performances, occasionally awards are given to students of a given graduating class year in a future fiscal year. Awardees by graduating class may also change due to the verification of each student's actual graduation date.*

#### *Participation*

For FY 2006 there were 179,795 students who took at least one of the high school MEAP tests (reading, writing, mathematics, science, and/or social studies). This number includes all class years. During any given school year, the tests are administered to students in grade 12. In addition, the following groups of students may also be tested:

- Grade 10 students with letter from parent or guardian indicating intent to dual enroll in the winter of their junior year
- Grade 12 students who have not yet taken the high school MEAP tests before
- Any grade 10, 11, or 12 students who wish to retake the tests for a higher score

The number of students taking all four required high school MEAP tests (reading, writing, mathematics, and science) was 115,264. Of these, Chart 3 below shows the number of qualifying scores (Level I or Level II) by test type.

*Note: Above counts of unique students are as of 11/28/2006.*

The number of students who used either Alternate “A” or “B” to qualify was 7,056.

### *Tuition Incentive Program (TIP)*

The Michigan Merit Award Scholarship Act provides funding for the TIP program, which is an incentive program that encourages eligible students to complete high school by providing tuition assistance.

Table 3

<b>FY 2006</b>	<b>Participation in TIP</b>	<b>Amount Awarded through TIP</b>
Phase I (Associate Degree or Certificate)	8,292	\$14,011,762.65
Phase II (Course work beyond Associate Degree)	754	\$682,890.00
<b>Total</b>	<b>9,046</b>	<b>\$14,694,652.65</b>

### *Michigan Merit Award Trust Fund*

Table 4 shows revenue and expenditures projections for the Michigan Merit Award Trust fund for FY 2007 through FY 2017. Expenditures include program administration costs, Merit awards, TIP awards, and MNS awards.

Sec. 7a. (1) Subject to section 7b(2) and to adjustment under subsection (2), a student who was enrolled in grade 7 in or after the 1999-2000 school year, who meets the requirements of section 7b(1), and who the board finds has taken the middle school assessment test in each of the subject areas while in grades 7 and 8 is eligible for 1 of the following Michigan merit award scholarships:

(a) If the board finds that the student while in grades 7 and 8 received qualifying results in 2 of the subject areas of reading, writing, mathematics, and science, a Michigan merit award scholarship of \$250.00.

(b) If the board finds that the student while in grades 7 and 8 received qualifying results in 3 of the subject areas of reading, writing, mathematics, and science, a Michigan merit award scholarship of \$375.00.

(c) If the board finds that the student while in grades 7 and 8 received qualifying results in all of the subject areas of reading, writing, mathematics, and science, a Michigan merit award scholarship of \$500.00.

(2) In any fiscal year, the board may adjust the amount of a Michigan merit award scholarship available to students eligible under subsection (1) based upon its determination of available resources and amounts appropriated, but the board shall not increase an amount by more than 5% in any fiscal year. The board shall notify the governor, the speaker of the house of representatives, and the majority leader of the senate in writing at least 30 days before an adjustment under this subsection.

**History:** Add. 2004, Act 595, Imd. Eff. Jan. 5, 2005.

### **390.1457b Michigan merit award scholarship; eligibility requirements; failure to initially achieve qualifying results; nonpublic or home school pupil.**

Sec. 7b. (1) In addition to the requirements set forth in section 7(2) or (3) or section 7a(1), to be eligible for the award of a Michigan merit award scholarship under this act, the board must find that a student satisfies all of the following:

(a) The student has graduated from high school or passed the general educational development (GED) test or other graduate equivalency examination approved by the state board.

(b) The student graduated from high school or passed the general educational development (GED) test or other graduate equivalency examination approved by the state board within 1 of the following time periods:

(i) If the student graduated from high school or passed the test or examination before March 1, 2002, within the 7-year period preceding the student's application to receive his or her Michigan merit award scholarship money.

(ii) If the student graduated on or after March 1, 2002, within the 4-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship money, or if the student becomes

a member of the United States armed forces or peace corps during this 4-year period and serves for 4 years or less, the 4-year period is extended by a period equal to the number of days the student served as a member of the United States armed forces or peace corps. The board may also extend the 4-year period if the board determines that an extension is warranted because of an illness or disability of the student or in the student's immediate family or another family emergency.

(c) The student is enrolled in an approved postsecondary educational institution. For students who qualify under section 7(2)(c), the student is enrolled in a vocational or technical education program at an approved postsecondary educational institution.

(d) The student has not been convicted of a felony involving an assault, physical injury, or death.

(e) The student satisfies any additional eligibility requirements established by the board.

(2) For a middle school assessment test or high school assessment test administered after January 1, 2000, the board shall not use that assessment test to determine eligibility for a Michigan merit award scholarship under this section for a particular year unless the board has reviewed and approved that assessment test before it was administered for that year.

(3) The board shall provide each pupil written notice of whether or not the pupil is eligible for the award of 1 or more Michigan merit award scholarships described in this act. If the pupil is eligible, the written notice shall also contain the Michigan merit award scholarship amount for which the pupil is eligible, how the pupil applies for payment of Michigan merit award scholarship, and any other information the board considers necessary regarding qualification requirements or conditions relating to the use of the Michigan merit award scholarship.

(4) It is the intent of the legislature that the level of pupil performance required to achieve qualifying results in a subject area of an assessment test remains approximately the same, and that the board not reduce the required level of pupil performance as a means of increasing the number of Michigan merit award scholarships awarded.

(5) A pupil who does not initially receive qualifying results shall be extended an opportunity to achieve the requisite qualifying results by taking a subsequent assessment test. A pupil described in this subsection who is enrolled in grade 12 in the 2006-2007 school year, or enrolled in grade 12 in the first calendar year after the approval described in section 7(6) occurs if that subsection applies, may elect either of the following:

(a) To take the high school assessment test for the purpose of qualifying for a Michigan merit award scholarship under section 7(2).

(b) To take the Michigan merit examination for the purpose of qualifying for a Michigan merit award scholarship under section 7(3).

(6) A nonpublic school pupil or home school pupil may take, and the board shall administer if requested, an assessment test at a site designated by the board.

**History:** Add. 2004, Act 595, Imd. Eff. Jan. 5, 2005.

### **390.1458 Scholarship; use; payment; installments; consideration in determining financial aid program; certification or affirmation by student; request or application for payment; disbursement of funds.**

Sec. 8. (1) Michigan merit award scholarship money shall be used only to pay for eligible costs.

(2) The board shall determine the manner and form of application for payment of a Michigan merit award scholarship by a student eligible under this act and the procedure for payment to the student or to an approved postsecondary educational institution on the student's behalf, subject to 1 of the following, as applicable:

(a) As determined by the board, upon the request of a student or parent or legal guardian of a minor student, the board may pay a Michigan merit award scholarship in 2 consecutive annual installments rather than 1 lump sum for a student who graduates from high school or passes the general educational development (GED) test or approved graduate equivalency examination before March 1, 2003.

(b) For each student who graduates from high school or passes the general educational development (GED) test or approved graduate equivalency examination on or after March 1, 2003 and before March 1, 2004, the board shall pay a Michigan merit award scholarship in 2 consecutive annual installments, beginning in the state fiscal year for which the student is otherwise eligible. The first installment shall not exceed 50% of the award amount, and the second installment shall consist of the remaining award amount. Verification that the student has met the enrollment criteria under section 7b(1)(c) is required before payment of the second installment.

(c) For each student who graduates from high school or passes the general educational development (GED) test or approved graduate equivalency examination on or after March 1, 2004, the board shall pay a Michigan merit award scholarship in 2 consecutive annual installments, beginning in the state fiscal year that begins after the beginning of the academic year for which the student is otherwise eligible. The first installment shall

not exceed 50% of the award amount, and the second installment shall consist of the remaining award amount. Verification that the student has met the enrollment criteria under section 7b(1)(c) is required before payment of the second installment.

(3) An approved postsecondary educational institution shall not consider a Michigan merit award scholarship in determining a student's eligibility for a financial aid program administered by this state. It is the intent of the legislature that an approved postsecondary educational institution not reduce institutionally-funded student aid because of the Michigan merit award scholarship program.

(4) Before payment of a Michigan merit award scholarship to a student or an approved postsecondary educational institution, the student shall certify or affirm in writing to the board each of the following:

(a) That the student is enrolled at an approved postsecondary educational institution.

(b) The name of the approved postsecondary educational institution in which the student is enrolled.

(c) That the student agrees to use the Michigan merit award scholarship only for eligible costs.

(d) That the student has not been convicted of a felony involving an assault, physical injury, or death.

(e) That the student graduated from high school or passed the general educational development (GED) test or approved graduate equivalency examination within 1 of the following time periods:

(i) If the student graduated from high school or passed the test or examination before March 1, 2002, within the 7-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship.

(ii) If the student graduated on or after March 1, 2002, within the 4-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship, or within a period equal to 4 years plus the number of days the student served as a member of the United States armed forces or peace corps if the student became a member of the United States armed forces or peace corps during this 4-year period and served for 4 years or less. The board may also extend the 4-year period if the board determines that an extension is warranted because of an illness or disability of the student or in the student's immediate family or another family emergency.

(5) The board shall not begin disbursing funds for a Michigan merit award scholarship to a student or an approved postsecondary educational institution on behalf of the student unless it receives the request or application for payment, including the written certification or affirmation described in this section, from the student on or before 1 of the following dates, for disbursement in that academic year:

(a) In the 2002-2003 academic year, January 15.

(b) In the 2003-2004 academic year, September 15 if the student received notification of eligibility prior to August 1.

(c) In the 2003-2004 academic year, November 15 if the student received notification of eligibility on or after August 1.

(d) In the 2004-2005 academic year, December 15.

(e) In any other academic year, November 15.
